

## Litter

As our camp nears its end please remember we cannot leave until the entire site is clear of litter (as it was when we arrived). As you are walking around the site, PLEASE pick up any rubbish you see.

## Wedding Anniversary

Happy 1<sup>st</sup> wedding anniversary to Alan & Jane of Stone

## Missing Spider

Gavin from the 8<sup>th</sup> is really sad that his pet spider Horace (legs about 2 feet long), along with several other items were taken from the Geocaching course. If you took Horace please return him or leave him somewhere he can be found – remember - a Scout is to be trusted.

## 3DJ2 News – Issue 4

Tuesday's edition of 3DJ2 News will be the fourth and final edition. Look out for our roving reporters early on Tuesday morning. The main question will be “what was your favourite activity of 3DJ2?”

### Issue 3 - Monday 4<sup>th</sup> June 2012

**Sunday** was another action packed day at 3DJ2 with everyone having a great time even though the weather wasn't particularly kind to us (actually it was fairly nasty to us at times). In the afternoon the 120 Beavers sampled a range of Bushcraft activities. The Cubs enjoyed the adventure zones and Waterworld while the Scouts had their turn at It's a Knockout. By the time it was the Beavers turn at It's a knockout the heavens had well and truly opened. However, this did not stop them charging around the Arena and getting even wetter with the fun games and inflatables. The rain meant that each group had their picnic teams in their tents before all 660 Beavers, Cubs, Scouts, Explorers and Leaders coming together in the Arena for our Royal Street Party with Traviss as our Master of Ceremonies. The rain eased and we all took part in some giant games, competitions, flag waving and singing, finishing off with the National Anthem. The evening drew to a close with a film for the Cubs and wide Games for the Scouts.

**Monday** morning started chilly and wet but improved as the morning went on. The Cubs have had great fun at the Sports Zone playing a penalty shoot out, ten pin bowling and many more sports. The Scouts produced some creative crafts in the Chill Zone while the Explorers played Laser Gun games in the woods. All 120 Beavers had the opportunity to try canoeing – many for the first time. By lunchtime the sun has come out.

## Young Reporters

Lauren & Hollie from 3<sup>rd</sup> Cubs loved doing the Crate Staking and has enjoyed it so much, that she cannot wait to come along to another one. They have also enjoyed making new friends with other Cubs.

8<sup>th</sup> Dartford Beavers enjoyed taking part in the Bushcraft Zone, especially as William was

absolutely brilliant at lighting the fire.

Mason from Stone Everard loved It's a Knockout and his favorite part of it was - the human "sliding" curling.

Martin from the Brent Scouts loved the wide game, but he kept getting to the number 5 and had to keep on going back to the number 1.

The cubs playing in the Sports Zone on Monday morning

## Young Reporters

Annabel and Kara became best friends with each other while on 3DJ2

Connor, George, Henry and Robert H – are enjoying the camp so far, and their favourite activities have been Waterworld and It's A knockout plus the Street Party "Thanks to Traviss".

James from Livingstone Explorers has forgotten where the wash room is!!!

Gavin & Neil organised?
